PROFESSIONAL SUMMARY

Full-Stack Web Developer with 4+ years of experience building and supporting internal CRM systems, business applications, and CMS and e-commerce websites. Develops backend services with PHP, Python, FastAPI, MySQL, and REST APIs and frontend applications with React and Next.js.

TECHNICAL SKILLS

Backend and Data: PHP, Python, FastAPI, Laravel, MySQL, PostgreSQL, Supabase, REST APIs, SQL optimization
Frontend: JavaScript, TypeScript, React, Next.js, jQuery, Bootstrap, HTML5, CSS3
CMS and Delivery: WordPress, WooCommerce, Shopify, Drupal, Git, GitHub, cPanel, SiteGround, Kinsta, UAT support

PROFESSIONAL EXPERIENCE

Full-Stack Web Developer | OOm Pte. Ltd., Singapore **July 2024 - Present**

- Maintain and extend a PHP-based internal CRM while contributing to its modernization using Python, FastAPI, React, and Next.js.
- Develop business workflows, REST APIs, third-party integrations, scheduled processes, and data-synchronization features.
- Optimize complex MySQL queries, operational reports, and Excel exports to improve application responsiveness and reporting workflows.
- Investigate and resolve frontend, backend, database, and integration issues affecting production users.
- Support application releases, deployments, environment configuration, regression testing, and post-deployment monitoring.
- Work with business analysts, project managers, QA teams, and users to translate business requirements into maintainable technical solutions.
- Prepare technical documentation, user guides, process documentation, and knowledge-transfer materials.

.

Junior Associate - Digital Marketing | Neolytix, United States **October 2023 - July 2024**

- Managed and supported multiple WordPress, WooCommerce, and Shopify client websites hosted on SiteGround, Kinsta, and control-panel environments.
- Developed and customized WordPress themes, plugins, shortcodes, reusable components, and backend functionality.
- Integrated third-party platforms using REST APIs, JSON, XML, webhooks, and custom data-processing logic.
- Handled deployments, website migrations, change requests, support tickets, uptime monitoring, and production troubleshooting.
- Improved website performance through database cleanup, plugin optimization, caching configuration, and Core Web Vitals reviews.
- Performed plugin and theme updates, malware prevention, security audits, backup verification, and documented maintenance procedures.

Junior Web Developer | OOm Pte. Ltd., Philippines **October 2022 - October 2023**

- Developed WordPress and WooCommerce websites using Elementor, ACF, Gutenberg, custom post types, Bootstrap, PHP, JavaScript, HTML, and CSS.
- Implemented reusable frontend components, custom backend functionality, responsive layouts, and client-requested enhancements.
- Migrated websites between hosting environments and configured domains, databases, SSL certificates, plugins, and production settings.
- Optimized page speed, databases, images, caching, and plugins after development and deployment.
- Investigated compromised websites, removed malicious content, applied security hardening, and restored affected functionality.
- Prepared website documentation, user manuals, and handover materials for clients and internal teams.

Earlier Experience | Associate Web Developer Intern, NeoDocto (2022) | Student Assistant, MSEUF (2018 - 2021)

SELECTED PROJECTS

CRM Lite | **Laravel, MySQL, Bootstrap** - CRM dashboard with lead management, opportunity tracking, user roles, structured CRUD workflows, and analytics.

CollabDocs | **Next.js, TypeScript, Supabase, PostgreSQL, TipTap** - Cloud-backed document editor with rich-text formatting, autosave, file importing, sharing, and role-based permissions.

Smart Dynamic Pricing Rules | **PHP, WordPress, WooCommerce, REST API** - Pricing extension with bulk discounts, role-based pricing, BOGO rules, cart conditions, scheduling, analytics, and HPOS compatibility.

EDUCATION

Bachelor of Science in Information Technology | Manuel S. Enverga University Foundation **2019 - 2022**

Major in Web and Mobile Development | Dean's Lister
